

ARM911

1 Input & 1 Relay Output Expansion Module(MBUS)

Features

- 1 input and 1 relay output
- MBus protocol
- Applied in ARC9016C-(G) series

Technical Specification

Name	1 input & 1 relay output expansion module
Zone expansion	1 input
Relay output	1 relay output
Communication protocol	MBus
Communication distance	2.4km
Baud rate	9600bps
Address	Addressable code
Dimensions(W×D×H)	60×25×13mm
Working temperature	-10°C~55°C
